- (a). Provision of Access. Humanetics grants Customer a nonexclusive, nontransferable, limited right to access and use the Cloud Services during the Offering Term, solely for use by Authorized Users in accordance with the terms and conditions herein. Such use is limited to Customer’s internal use. Humanetics shall provide to Customer the necessary passwords and network links or connections to allow Customer to access the Cloud Services. The terms set forth in this Cloud SLA apply solely with respect to Services provided to Customer as set forth in applicable SaaS Agreement or an Order in accordance with the Order of Precedence set forth in Section 1.1 of the UCA. Unless otherwise set forth herein, capitalized terms in this Cloud SLA shall have the meanings defined in the UCA.

1. SUPPORT AND SERVICE LEVELS

Humanetics offers support and enhanced service levels in three tiers: Starter, Professional and Premium. As described further in this Cloud SLA, each tier provides Customer with specified benefits regarding (i) Support Hours and Response Times; (ii) Availability, and (iii) support measures for maintaining uptime of the Cloud Services. The applicable service level tier will be indicated in the Order. If no tier is indicated in an Order for Cloud Services, support and service levels will be provided according to the Starter tier. Starter, Professional and Premium service levels may not be available for all Cloud Services.

2. TECHNICAL SUPPORT

Humanetics’ support organization is Customer’s primary point of contact for Cloud Services support. Technical support is provided in English, with other languages available at the sole discretion of Humanetics.

2.1 **24/7 Online Support**. At any time, Customer may create, manage, and review support case requests via the Humanetics Support Center Portal (“**Support Center Portal**”) by using the support link embedded in the Cloud Services or by accessing Support Center Portal at <https://support.humaneticsgroup.com>. Support cases will be updated via the Support Center Portal.

2.2 **Standard Support Hours**. Customer may receive telephone support by calling the specified support line for the applicable Cloud Service or the local support line for Customer’s geographic area. Unless otherwise specified in Support Center Portal, support is available during the hours set forth below (“**Standard Support Hours**”) (excluding local holidays) for the support center that covers the geographic area in which Customer is located as set forth in the Support Center Portal. In the Support Center Portal, Customer also may log Cloud Services support requests, report suspected errors, monitor progress on requests, exchange information on a community forum, and access release notes and other information on Cloud Services. If reasonably requested by Humanetics, Customer will allow Humanetics to provide support via remote screen-sharing technology.

* EST = Eastern Standard Time; CET = Central European Time; JST = Japan Standard Time

2.3 **Technical Contact.** Humanetics may require Customer to designate one or more employees as technical contacts for support. The employee(s) will be trained on the applicable Cloud Services and will serve as the primary contact(s) for requesting and receiving support.

2.4 **Customer Response Level.** Humanetics’ technical support staff will use commercially reasonable efforts during Standard Support Hours (unless otherwise noted below) to provide a first response to a support case request in accordance with its classification within the time periods set out below on a first-come, first-served basis. Support cases are escalated based on severity and complexity. Customer will initially classify each support case according to the priority classes set out below. Unclassified support cases will be considered “Medium”. The final priority classification will be at the sole discretion of Humanetics.

Priority Classes	Support Center Definition	Description	Starter Targeted Response Time	Professional Target Response Time	Premium Targeted Response Time
Critical (Priority 1)	Cloud Services are down entirely. All Authorized Users affected.	The Cloud Services are currently inoperative and stop all Customer activities. Continued use of several critical functions of the Cloud Services is not possible. A functionality or access problem reported on a test/sandbox environment will not be considered critical.	4 hours 8 hours X 5 days per week	2 hours 24 hours X 5 days per week	1 hour 24 hours X 7 days per week
High (Priority 2)	Operation of Cloud Services is severely degraded, or major components are not available. Significant User impact.	A major functionality loss of individual service components within the deployment, but the Cloud Services remain operational. A problem that severely affects or restricts significant functionality of the Cloud Services and impacts continued usage. The problem is time-sensitive and may be causing an immediate functional or work stoppage. Any errors reported on a test/sandbox environment will never be considered high.	8 hours 8 hours X 5 days per week	4 hours 24 hours X 5 days per week	4 hours 24 hours X 7 days Per week

Priority Classes	Support Center Definition	Description	Starter Targeted Response Time	Professional Target Response Time	Premium Targeted Response Time
Medium (Priority 3)	Minor functionality impact, usage continues. Some non-essential features of the Cloud Services are impaired or subject to interruptions while most vital components of the service remain functional. Minimal user impact.	A functionality issue exists but Customer's operations can continue, or a non-business-critical function is not performing properly. The problem can be time-sensitive, but it is not causing an immediate work stoppage; usage can continue in a restricted fashion, and/or a workaround exists.	Next 2 business Days	Next business day	6 hours 8 hours x 5 days per week
Low (Priority 4)	Support information/questions, enhancement requests, problems that are minor and clearly have little to or no impact on the normal operation of Cloud Services. No or minimal user impact.	A request or question for a problem of minor impact, general support, or information on Cloud Services. There is no impact to the operation of the Cloud Services.	Reasonable effort	Reasonable effort	Next business day

2.5 **Excluded Incidents.** The following types of incidents are excluded from the scope of support for Cloud Services, but Customer may revert such requests to the sales team(s) for resolution:

- (i) incidents ascribed to a consulting or training request (“how-to”). These are covered by the online user documentation.
- (ii) incidents ascribed to a custom development request.

3.3 **Regular Maintenance Window.** Unless otherwise specified in Support Center, Cloud Services have a Regular Maintenance Window weekly per served region as follows:

3.4 **Remedies.** Customer must submit to Humanetics a support case within 30 days after the end of each relevant Month in which Humanetics did not meet the Monthly Availability. Any claims not submitted by Customer within the specified time period may be denied by Humanetics, and Humanetics will have no further obligation to Customer with respect to such failure to meet the Monthly Availability. If Humanetics is unable to meet the Monthly Availability for Cloud Services contained in the same Offering three or more times in a calendar year, then Customer will have the right to terminate the Order for the non-conforming Offering. In the event of such termination, Humanetics will refund any prepaid fees for the applicable Offering on a pro-rata basis for the remainder of the Subscription Term for that Offering. The remedies provided in this section will be Customer’s sole and exclusive remedies with respect to availability of the Cloud Services.
